REED PLEADS FOR BOYHOOD

ADDRESS TO TEACHERS PAYS HIGH TRIBUTE TO YOUTH.

PERSONALITY IS URGED

Dr. C. E. Germane Analyzes Intangible Quality.—Welcome Address By Somerville.

Tonight.

8 o'clock—Full concert by Kansas City Little Symphony Orchestra, College Auditorium.

Tomorrow.

9 a. m.—General session in College Auditorium. Addresses by Dr. Fannie W. Dunn, Columbia University, New York; Dr. George Willard Frasier, president Colorado State Teachers College; Milton J. Ferguson, state librarian of California.

1:30 p. m.—Round Table Discussions.

3:00 p. m.—College field, football, Cape Girardeau S. T. C. vs. Maryville S. T. C.

7:30 p. m.—General session in College Auditorium. Addresses by Dr. M. G. Neale, dean of education, University of Missouri, and Dr. E. L. Hendricks, president of Missouri Teachers Association; illustrated lecture by J. Kelly Wright, Columbia, Mo.

"The spirit of the organization is its soul," David Alden Reed, congressman from New York, told teachers of Northwest Missouri at the first general session of the ninth annual Teachers' Association meeting in the State Teachers College auditorium this morning.

Congressman Reed spoke for almost an hour on "Spirit." His address was a tribute to boys he had known and lived with, and he delivered it in such a manner that the well filled auditorium was silent until the end, when spontaneous applause showed marked approval.

"I am not here to tell you the experiences of a teacher, for I am no teacher," he said. "But I am here to say to you that the boys I have told you about are your products. As teachers, you have instilled into the young manhood and womanhood of today the ideals which mean so much to our nation."

A Tribute to Lamkin.

Mr. Reed opened his address with a glowing tribute to Uel W. Lamkin, president of the College.

"In all of my life in Washington, I have never known a man who rendered a more conspicuous service to the soldiers than did my dear friend and your president, Mr. Lamkin," he said.

"And I do not know of any man who, through his work and life in Washington, made more warm friends. You are fortunate in having him in your College and in your city."

Mr. Reed spoke from experience with boys. For fourteen years he was a football coach, most of the time at Cornell University, Ithica, N. Y. He told of the type of young manhood which the high schools are turning out today, and praised highly the teachers of the country.

Congressman Reed is chairman of the Committee on Education in the House of Representatives. He is joint author of the Curtis-Reed bill to establish a secretary of education in the President's cabinet.

Gives Arguments for Bill.

In speaking briefly on his bill, he said that it would establish a great research bureau which would aid materially all schools and school boards in the country. He argued that it would take care of sections of the country where there is most illiteracy, and would help combat the great loss in industrial circles where there is most lack of education.

He asked that teachers and school people study the bill and if they felt favorable to it that they so indicate to their representatives.

Mr. Reed arrived in Maryville early this morning. He left this afternoon for Warrensburg, where he will speak tomorrow at the meeting of the Central Missouri Teachers' Association.

"Personality as I see it is the most significant potential possession that immortal man can possess, and I presume it is all that he has in the world," Dr. C. E. Germane, faculty member at the University, said in his address to

Henry L. Jost of K. C. to Speak Here

Will Deliver Address At Courthouse On Evening Of October 30, Chas. F. McCaffrey Announces.

Henry L. Jost of Kansas City will speak in Maryville on the evening of October 30, according to Charles F. McCaffrey, chairman of the Democratic county committee. Mr. Jost is a former Nodaway County boy and was admitted to the bar here when the late Judge C. A. Anthony was on the bench. He has served two terms as mayor of Kansas City, and one term congress, declining to run for re-election.

Mr. Jost is one of the best campaign speakers in Kansas City. He is one of the leading attorneys in that city.

Mr. McCaffrey says the meeting will be held in the courthouse.

DAMAGE SUIT NOW ON TRIAL

CASE OF SAVANNAH MAN HERE ON VENUE CHANGE.

ALLEGES AN ATTACK

Vollie Korell Holds Interurban Company Responsible.—"Licked" Strikers Company Contends.

The $7,500 damage suit of Vollie Korell of Savannah, against the St. Joseph Railway, Light, Heat & Power Co., went to trial today in circuit court here. The case was sent to this county from Andrew County on change of venue.

The suit is an outgrowth of the shopmen's strike in August, 1922. The petition states that Korell, who was employed at the Burlington shops in St. Joseph during the strike was badly beaten by strikers while on an interurban car from St. Joseph to Savannah. According to the petition, certain persons boarded the interurban car at stop 13, north of St. Joseph, and, before it reached stop 14, attacked Korell; then when the car reached stop 14, two other persons boarded the car and immediately attacked the plaintiff, beating, bruising him and jerking him off the car. The conductor and motorman on the car, it is claimed, made no effort to assist Korell.

The defense claims Korell whipped the strikers by himself and that the agents of the railway company were not neglectful of their duty to passengers. The company also contends that Korell was not injured in the fight.

Korell asks for $2,500 actual damages and $5,000 exemplary damages.

The jury hearing the case is composed of M. L. Rose, John Brand, Walter Coleman, C. H. Miller, C. A. Gates, John Greeley, Vern Henson, Clyde Hoshor, Alva Heflin, F. C. Wyman, Roy Bridgewater and Fred Ager.

Gardner Thompson of St. Joseph is the attorney for the plaintiff and is assisted by McCaffrey & Cook of this city, while Roscoe P. Conkling of St. Joseph, assisted by W. A. Blagg of this city, is representing the railway company.

Editor Moorhead Chosen as Director

Will Succeed the Late Charles E. Donlin to Directorate of County Mutual Insurance Co.

W. L. Moorhead, editor of the Hopkins Journal, was appointed a director of the Nodaway County Mutual Insurance company at a meeting of the board of directors held this afternoon at the Elks Club. Mr. Moorhead succeeds the late Charles E. Donlin of Hopkins.

The assessment for the coming year will be 2.5 mills on each $100 insurance. This is an increase of only one-half of a mill.

The fire losses since April 10 up to date were $7,792.51 while losses from lightning during that period were $5,418.25.

J. S. Casteel of Ravenwood and H. T. Hooker of Maryville were selected as delegates to represent the company at the state convention to be held in Jefferson City in November.

The directors in attendance at the meeting were:

J. L. Hepburn and Mr. Moorhead, Hopkins; Wm. Blackford and Mr. Hooker, Maryville; B. M. Willson, Barnard; Mr. Casteel and Dr. E. W. Bishop, Ravenwood; Judge William Woods, Burlington Junction; and Miss Iuka Shiel, secretary, Burlington Junction.

ROSEBERRY IS AGAIN CHOSEN

RE-ELECTED PRESIDENT OF RELIGIOUS COUNCIL.

MUST CONSIDER YOUTH

Church Must Cater to All Classes and Should Provide Efficient Equipment, Speaker Says.

G. B. Roseberry was re-elected president of the Nodaway County Council of Religious Education at the closing session of the fourteenth annual convention here this afternoon.

C. W. Rogers was chosen first vice-president and Frank Barrett of Hopkins was elected second vice-president. Miss Eva Davis was elected secretary and Miss Dessa Gault, treasurer.

Miss Ruth Matter was elected superintendent of the children's division; Miss Ruth Bookman and L. L. St. Clair were elected to head the young people's division. T. H. Leet will be in charge of the adult department, and Dr. E. A. Miller of Hopkins was chosen administration superintendent.

Separate conferences on various phases of Sunday school work were held this afternoon.

The necessity of efficient Sunday school equipment was stressed this morning by Willard Carter, director of religious education at the First Congregational Church at Kansas City. Although equipment does not make a good Sunday school for the same reason that a good library does not necessarily make a good student, the workmen will be able to render better service if he has first class equipment, Mr. Carter pointed out.

The speaker said that the church buildings of the future must take into consideration the increasing importance of religious education work and must provide suitable quarters for the various classes.

Must Consider Youth.

"We must take into consideration all ages instead of adults only," Mr. Carter told the workers. "The pulpit centered program must be changed into a program for all classes."

In keeping with changes in other activities of life, church building plans now take into consideration the individual unit instead of the mass, and now numerous classes and departments are taken care of.

Mr. Carter believes that the teaching of Biblical geography is a vital need in the Sunday schools of today. Globes, sand tables, relief and wall maps should be provided, he said, in order that the students could become thoroughly familiar with Biblical places, their location, people, climate, etc.

But capable Sunday school officers and teachers are needed if this work is to succeed, he emphasized, because good equipment cannot do it all.

H. W. Becker, state secretary, told of the origin of the International Sunday School Council of Religious Education and emphasized the importance of the county units.

A number of years ago, Mr. Becker explained, the International Sunday School Association was formed. It had two principal objectives: (1) To "sell" the Sunday school idea to the church, and, (2) To provide better methods and plans. Several years later, a number of denominational Sunday school boards were organized and in 1910, these boards organized the Sunday School Council of Evangelical Denominations, the chief purpose of which was to standardize Sunday school work. Meanwhile, the international organization continued to function but in 1922, the two were merged and became the International Sunday School Council of Religious Education.

There are thirty-six denominations affiliated in this work, Mr. Becker continued.

County Council Necessary.

The county councils are a part of this international organization. Their two chief purposes are to create public sentiment in favor of more and better religious education, and to make available to all schools the best there is in any one through conventions, conferences, etc. Mr. Becker said that the county council plan is also good economy in that it fosters daily vacation Bible schools, county-wide religious work, etc.

The county council also takes care of community programs, such as children's week, father and son week, mothers and daughters week, vacation Bible schools, etc., Mr. Becker

Road to St. Joseph Is Still Very Rough

The Maryville-St. Joseph road still is very rough, according to C. R. Hastings. The Bennett Lane route is the only one which can be used at the present time. Mr. Hastings expects to resume regular bus service tomorrow providing the fair weather continues.

Bishop McMurry Will Speak at Church Here

Bishop W. F. McMurry of the M. E. Church, South, will preach at the church here Sunday morning when the pipe organ, recently installed, will be formally dedicated. The name of the donor of the organ will also be announced at that time.

LIBRARIANS IN ELECTION

HANNIBAL WOMAN NOW HEAD OF STATE ASSOCIATION.

ARE MEETING HERE

Miss Grace Langan, Maryville, Named Vice-President Of Organization At Conference This Afternoon.

Miss Helen Birch, public librarian at Hannibal, as elected president of the Missouri Library Association at the opening meeting of the annual conference of librarians held in Maryville today. She succeeds C. Edwin Wells, librarian at the Northwest Missouri State Teachers College.

Miss Grace Langan, public librarian here, was named vice-president to succeed Miss Frances Swanwick, Joplin; Miss Fay Delaney, Monroe City public library, was re-elected secretary; and W. H. Collins, of the Reference Library of the State University Library at Columbia was selected treasurer to succeed Mrs. J. L. Lindsay, Poplar Bluff.

Library extension will be benefited as the result of an action granting that department of the association $100 for furthering extension work. It is in the extension program and the work towards providing more funds for the state library commission that the Missouri Library Association is interested, it was pointed out by members of that organization who appeared on today's program given this afternoon in the lecture room at the Elks Club building.

Milton J. Ferguson, state librarian of California, who is to appear in an address before the joint meeting of librarians and members of the Northest Missouri State Teachers association at the college tomorrow morning, spoke briefly this afternoon.

Libraries Are Assets.

"Libraries can contribute more, excepting the public schools, to the best life of the people than any other force of this country," Mr. Ferguson said. "Despite the fifty years of library development in this country we are reaching only about half of the people because the library service enjoyed in the cities fails to reach the rural communities.

"It isn't enough to throw open the libraries but library service should be taken to all who desire that sort of thing. Library service stations should be as frequent as the gasoline filling stations.

"In the 58 counties in California there are 46 county libraries and there are more than 100 cities with library facilities."

Mr. Ferguson is largely responsible for the development of the traveling libraries found in his state but he did not speak about that phase of his work.

Short talks concerning the librarians' program for procuring more appropriations for the library commission were made by Miss Jane Morey, secretary of the Missouri Library Commission; and I. R. Bundy, public librarian of St. Joseph and others.

Charles H. Compton Speaks.

Charles H. Compton, of the Library Extensions division of the association presided and made a talk before the librarians. He said, concerning the library commission:

"The commission was established in 1907 by an act of legislature to give advice and assistance in the founding of new public libraries and also for the purpose of sending out traveling libraries to rural districts which lack local public library service. According to a recent report of the American Library Association, there are in Mis- library service, or 58 per cent of the

EVIDENCE IN CASE STOLEN

McPHERSON DOCUMENTS TAKEN FROM DESK.

KEPES BECOMES ILL

Condition Not Grave, However—Two Assistants Take Charge In Aimee's Preliminary Hearing.

Los Angeles, Oct. 14.—Asa Keyes, district attorney, prosecuting the Aimee Semple McPherson preliminary hearing, became suddenly ill here today as he prepared to go to court to press the conspiracy charges against the evangelist and her mother.

Mr. Keyes' illness, it was reported, was diagnosed as ptomaine poisoning.

Deputies district attorney Murray and Dennison will have charge of the McPherson case until their chief is able to come into court. Mr. Keyes' illness, it was said, is not grave.

Important documents bearing on the case, including a letter received by the evangelist from Kenneth G. Ormiston, her former radio operator, on August 8, have been stolen from the office of S. S. Hahn, attorney for Mrs. Lorraine Wiseman-Sielaff, confessed perpetrator of the "Miss X" hoax, the lawyer announced today. Hahn said the documents had been kept in a secret compartment in his office desk.

"With the exception of the letter, I can duplicate the documents," Hahn said. In the Ormiston letter sent to Mrs. McPherson from Chicago, Hahn said, the radio man promised to keep in close touch with the Angelus temple pastor and come to Los Angeles to help her whenever she wanted him to come.

"That letter had not been made public," he said.

Telephone slips showing the evangelist called both Ormiston and his attorney, Edward H. S. Martin, at Chicago were included in the missing documents.

Bandits Kill Man; Escape With Loot

Thousands of Dollars Stolen by Seven Robbers Who Slay Mail Truck Driver and Wound Helper.

Elizabeth, N. J., Oct. 14.—Seven bandits, armed with automatics and a machine gun, today shot and killed a United States mail truck driver, wounded his helper, ran down and injured a motorcycle policeman, acting as an escort, and then escaped with several mail bags.

The officers of the Elizabeth Port Banking Co., disclosed that one of the stolen bags contained approximately $160,000 in cash, being transferred by registered mail from the federal reserve bank at New York to the local bank.

Another payroll amounting to $1,700 in cash also was stolen.

To Withdraw Safety Men From Coal Mines

London, Oct. 14.—The striking miners of Great Britain today voted to withdraw their safety men from the mines, thus bringing the walk-out to its most critical stage.

Sedalia Man Heads Knights of Pythias

Jefferson City, Oct. 14.—Samuel W. James of Sedalia, former probate judge of Pettis County, will head the grand lodge of the Knights of Pythias of Missouri as Grand Chancellor next year. His election came at the close of the fifty-ninth annual convention. Next year's meeting will be at Springfield.

Grand Jury Still in Session Today

The grand jury, which has been in session at the court house here this week following a recess taken over the last week-end, had not reported at a late hour today. It is expected, however, that they will make a report before tomorrow.

No Report on Game Played at Savannah

No report from the Maryvile-Savannah high school football game, being played this afternoon at Savannah, had been received at 4 o'clock. The game was not scheduled to being until 3:30 and it was played at the fairgrounds, distant from a telephone.

"BLACKJACK" INTO OWN.

General John J. Pershing, A. E. F. commander, will lead American doughboys back to Paris next year for the national convention of the American Legion.

INSURGENCY IS BIG PROBLEM

G. O. P. LEADERS ARE FRANKLY WORRIED.

DEMOCRATS HOPEFUL

Republican "Sore Spots" Are In New York, Illinois and Oregon—Independent Candidates There.

Washington, Oct. 14.—With election day only a matter of three weeks away, Republican leaders here were feeling somewhat glum today over three Senate spots where they had considered G. O. P. victories as good as "in the bag."

The Republican sore spots are in New York, Oregon and Illinois and in each instance the aggravation is the same—party insurgency and independence. In each state the regular Republican nominee is menaced by an independent Republican candidacy and leaders do not mask their fears that the split vote resulting from this situation may allow the Democratic candidates to slip in.

The uneasiness felt by the Republican campaign directors is manifest most strongly in Oregon where strenuous but unavailing efforts are being made to persuade Senator Robert N. Stanfield to abandon his independent candidacy in favor of the man who defeated him in the primary, Frederick Steiwar.

In New York, Franklin W. Cristman, bone dry and Anti-Saloon League-backed, is opposing Senator Jim Wadsworth, who favors the adoption of the Quebec system of liquor control.

In Illinois, the candidacy of Hugh S. Magill, backed by that Republican element that turned thumbs down on Frank L. Smith because of the Insull donation to his campaign fund is regarded much more seriously here than it was at first. If Magill can cut Smith's strength to a very great extent down state as Republican leaders here frankly fear, they have visions of seeing George E. Brennan, wet boss of Cook County Democracy, step into the Senate over the bloody heads of the two Republican factions.

Until a week ago, the Republican leaders were professing to have but little fear in Oregon, New York and Illinois. Developments since then have been such as to make most of the G. O. P. leaders visibly fearful.

The Democrats, of course, are correspondingly jubilant and their leaders are privately claiming the three states.

Jefferson City, Oct. 14.—A requisition was issued today by Governor Baker for the return of William Germain, who is being held at Suffolk, Mass., as the suspect in the robbery of the American Bank of DeSoto last December.

SPOTLIGHT ON INDIANA NEXT

REED INVESTIGATORS MEET IN CHICAGO MONDAY.

GRAFT CHARGES MADE

Subpoenas Probably Will Be Issued Today For All Those Mentioned In Hoosier Scandal.

St. Louis, Oct. 14.—A special Senatorial investigation will get under way in Chicago Monday morning and will turn the spotlight on the political activities of the Ku Klux Klan in Indiana and charges of graft and corruption recently made there, Senator James A. Reed, chairman of the committee, said today.

The Senator made this announcement just before depaarting for Joplin to fill a speaking engagement today.

Yielding to the demands from Indiana, the Missouri Senator, who has had charge of the investigations which recently unearthed huge expenditures in the election campaigns in Pennsyvania and Illinois, decided today to have the committee look into the Indiana charges. Definite plans of the committee's proposed investigation will be worked out between now and Monday, Senator Reed said.

Pointing to the numerous reports from Indiana and other points, the Senator added that "too much speculation had been made about his plans."

Subpoenas probably will be issued in Chicago today for those whose names have come before the public in the Indiana graft case in which charges of graft and corruption have revolved around the name of D. C. Stephenson, former grand dragon of the Indiana Klan, now serving a life sentence in the Indiana penitentiary.

Woman Will Attempt to Pay Investors

Mrs. Mary Nixon-Turner, Whose Husband Was Slain Yesterday, Pledges Efforts To Return Money.

Boonville, Mo., Oct. 14.—Her father a fugitive from the scores of persons who entrusted him with a half-million dollars, her husband killed by one of those creditors who wanted vengeance for the loss of his life's savings, Mrs. Mary Nixon-Turner today assumed the almost hopeless task of repaying those who suffered by her father's extensive financial manipulations.

When Cecil Cockerell, 53, of San Diego, entered the office of Emil N. Turner, son-in-law of Nixon, he found he had fled from his creditors and shot and killed Turner, who had been a former business partner of Nixon's.

"My husband was working hard to salvage enough to pay our creditors when he was killed," said Mrs. Turner today. "That duty now devolves upon me since my father, who incurred those numerous debts, is a fugitive. I shall do everything in my power to repay every cent lost to investigators in my father's company."

Governor Is Accused of Violating Oath

Four Thousand Washington Citizens Sign To Recall Governor Roland Hartley.

Seattle, Wash., Oct. 14.—Accusing Governor Roland Hartley of violating his oath of office, four thousand citizens here have demanded the recall of the governor. Hartley is accused of using his office to further his own interests.

Special Election to Fill Hawes' Vacancy

Jefferson City, Oct. 14.—Governor Baker will call a special election to fill the vacancy caused by the resignation of Harry B. Hawes as representative in Congress from the eleventh district of St. Louis. The election will be the same day as the general election, November 2. It is expected party committees will nominate the regular nominees for Congress from that district.

THE ONLY DAILY PAPER IN NODAWAY COUNTY

MANY ATTEND UINVERSITY

ENROLLMENT AT COLUMBIA IS GREATER THAN EVER.

NEAR FOUR THOUSAND

Students Number 3,895 And Represent Thirty-Nine States—Twenty-Seven Are From This County.

Columbia, Mo., Oct. 14.—With 3,895 students, the largest enrollment in its history, the University of Missouri has this fall students from eleven foreign countries and thirty-eight states besides Missouri. The registration on October 7, this year, exceeded by 168 the enrollment to November 1, 1925, when 3727 were listed and thirty-one states and eight foreign countries were represented.

Those from Nodaway County include: Veva N. Anthony, John E. Mutti, Hopkins; Laura F. Jackson, Robert L. Linville, Skidmore; J. Leroy Jones, Donald Herndon, Jarvis C. Bush, Floyd C. Cook, Roland E. Evans, John R. Graves, Joseph M. Phipps, D. E. Williams, Robert T. Hubble, Maryville; Eldon L. Collins, Barnard; Kary T. Dowis, Sheridan; Austin C. Felton, Wm. P. Jackson, Horace A. Jones, Ethel Kaufman, John W. Kennedy, Parnell; Carl H. Ferguson, Burlington Junction; Will B. Gex, Chas. E. Zapf, Graham; Howard Leech, Pickering; Robert W. Mountjoy, Skidmore; Clifford M. McMaster, Hopkins; Jacob Porterfield, Clearmont.

Oklahoma, with 127, sent the largest out-of-state delegation, eclipsing its feat of last year when 117 "Sooners" came to the University of Missouri. Illinois was second in number with 70, and Texas sent the third largest number, 62, showing an increase of 12 over last year. Registration and number from other states: Arizona 3; Arkansas 48; California 4; Colorado 8; Connecticut 1; Florida 3; Georgia 2; Idaho 2; Indiana 4; Iowa 23; Kansas 49; Kentucky 9; Louisiana 20; Massachusetts 1; Michigan 3; Minnesota 7; Mississippi 8; Montana 3; Nebraska 14; New Hampshire 1; New Jersey 12; New Mexico 17; New York 20; North Carolina 1; North Dakota 1; Ohio 11; Pennsylvania 6; South Carolina 1; South Dakota 5; Tennessee 8; Utah 2; Virginia 1; Washington 1; Wisconsin 2; and Wyoming 5.

Kansas City and St. Louis were, as usual, the cities leading in number of students. Kansas City sent 374, as compared with 321 past year; St. Louis had 261, and 207 in 1925. Boone County leads the counties in number of students, partly accountable to the number who establish their legal residence in Columbia while attending the University. Six hundred and seventy were registered from Boone county, and 653 was the number in 1925. There are large numbers from Jackson county (outside Kansas City), Jasper, Buchanan and St. Louis counties.

Weather Last Week Best Since August

Water-Soaked Fields, However, Have Kept Farm Work at Standstill, Says Weekly Report.

Relatively mild weather prevailed in Missouri and there was less rain during the week ending Tuesday than any similar period since the last of August, says the weekly weather and crop bulletin issued by George Reeder, Columbia meteorologist.

"In the southern fourth of the state" the report continues, "the week was fairly favorable for farm work and late crops. In nearly all of the state north of the Ozarks continued saturated soil and mostly overcast skies practically kept farm work at a standstill. Some of the higher grounds were nearly dry enough to permit the harvesting of the legume crops and for wheat seeding but the rain of Saturday and Saturday night again soaked them.

"Most of the creeks and smaller rivers continued in flood, resulting in heavy damage and loss to corn and other crops on valley lands, while much of the ground early prepared for wheat also is under water. Such extensive and prolonged floods are unprecedented for autumn. Most of the rivers of the northwestern sections have been out of banks three times in the last four weeks, and the damage and loss can scarcely be told.

"The bulk of the wheat crop is yet to be sown. The relatively small amount sown early is up to good stand but looks rather sickly because of too much water. Late corn is drying out slowly, and soggy fields prevented saving much that is matured but down and molding. Cowpeas and other forage crops are largely going to waste. Cotton picking made some progress.

"The main apple crop is about ready for gathering but rains hinder the work. The Ozark orchards are somewhat affected by worms."

PERSHING TO HEAD LEGION

WILL HEAD TRIP BACK TO PARIS NEXT YEAR.

ELECTION TOMORROW

South Carolina, Illinois and Kansas Men Mentioned in Race for National Commander.

Philadelphia, Oct. 14.—"Blackjack" Pershing, better known as General John J. Pershing, commander of the A. E. F., will lead the American Legion to Paris next September for its ninth annual convention as permanent honorary national chairman.

Tomorrow, the Legion convention here will battle out with ballots the business of selecting the working national commander for 1927. Six candidates and a dark horse are in the field for the Legion leadership.

The present outlook is that the fight will narrow down to Col. J. Monroe Johnson of South Carolina and Howard Savage of Illinois with the final provision that if neither can muster the necessary strength, Wilder S. Metcalf of Lawrence, Kan., will get the call, the latter being a dark horse.

This was the situation today as the Legion settled down to the final job of this year's meeting.

General Pershing, originally slated for 1927 commander, has let the convention leaders know he would under no circumstances accept because of his advanced age and arduousness of duties to be entailed. He did, however, tell the committte he would be pleased to accept the honor of election as life-time honorary chairman.

With the Pershing candidacy thus disposed of, campaigners for the other aspirants have redoubled their efforts in the last twenty-four hours. The air is full of politics, trading and compromises.

total population. They are dependent souri 1,886,866 people without public on the Commission for library service.

"The appropriation for the Commission by the 1925 legislature was $24,000 for the two years, 1925-26, an amount which has been reduced to $22,000. This is less than the amount appropriated for the last six years. The $11,000 a year must provide for the trained librarian, her assistant, books and all other expenses. Nevertheless, the number of books circulated by the Commission, principally in rural districts, has increased 100 per cent in the past five years, the total circulation being 161,010 for 1925.

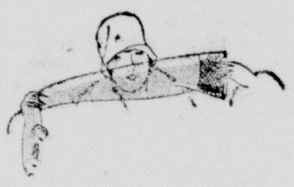
WELCOME, TEACHERS

Everyone is all smiles! The teachers and librarians and many other visitors are here! With a wonderful program for the three days and a rousing game after which Cape Girardeau will return home in defeat late tomorrow, isn't Maryville just the nicest place you ever saw? The stores are all dolled up for you, visitors, and these mentioned here are offering special bargains for your benefit.

—MB—

Did you listen to the World Series over the radio? If not, then you missed a lot. I was down at the Price Furniture Company this morning and saw the loveliest radios. With the approach of autumn and winter weather they are ideal to receive football scores. Now of course you can go out some place all fall to hear them but think how much nicer it is to have one of your very own. Price's have the R. C. A. Radiola, the Stewart-Warner in various shapes and combinations. They range from the least expensive to the very best so go in and take your pick, before next Saturday's games, anyway.

—MB—



Have you heard that the Reavis Shoe Company is now selling the famous Rollins Run-Stop Hosiery? They are selling a wonderful quality of hose for $1.50. There are other grades of hose also. If is so fine to be able to get one's shoes and hose at the same shop. This way they may be matched to blend perfectly and this store carries the very latest in all footwear, you know. Go there while they are having this wonderful Backward Season Sale.

—MB—

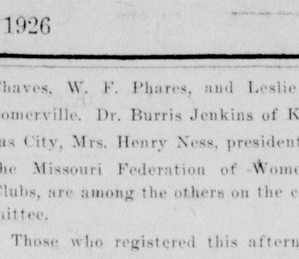
And while you are in Maryville this is a good time to have that coat and dress cleaned. This city is unusually fortunate in having a thoroughly modern cleaning plant, the Superior Cleaners, that does work superior to that done in most cities. Try them.

—MB—

Yehle's welcomes you to Maryville and extends a cordial invitation to you to try their excellent tea room. You will find well balanced and perfectly cooked meals there. Make yourself at home—you're always welcome at Yehle's.

Queen Marie of Rumania is said to prefer simply made gowns, with rather short skirts and dresses having either narrow or Russian sleeves. The colors she most favors are black, Marine blue, the shade of purple which is so popular in Paris this year, gray, beige and violet.

—MB—



Did you have company last week end? And wasn't it an effort to think up something unusual to eat? Well I've had that trouble too and nothing makes a nicer impression with either "home folks" or company than the delicious, wholesome ice cream that the Nodaway Creamery sells. Order any kind or combination that you want for your party. The pure velvety mixture far surpasses any other similar make. Don't forget to order some for that next party. Ask your dealer for it.

—MB—

There is nothing that cheers one up more than a new hat. The Graham Millinery is showing some lovely ones. Wouldn't it be nice to go home in a grand new hat?

—MB—

For some really good, home cooked and reasonably priced food, try the new Sellers cafe, next to Burton's. They have a wonderful new cook there. You'll hear more about him.

—MB—

Visitors: You can trust me to give you a sound bit of advice. Stop in the Montgomery Clothing Company and see what a thoroughly complete and high grade line they are handling. If you have been looking for that fall suit or overcoat and haven't found just what you want, go there. They will be sure to please you.

—MB—

And why not do a little Christmas shopping? Mrs. Rhodes has some lovely stamped goods, including clever card table covers, newly arrived, at the Rhodes Music Company, on Third street.

—MB—

Crepe Roma is very good this season used as coats as well as dresses and is particularly smart in plain modes.

The Free Weighing scales at the Farmers Trust Company certainly is a good idea. At least a dozen banks in this district are now imitating this plan. One that I know of is a Columbia, Missouri, bank, the Boone County National. You are welcome at any time to use the scales at the Farmers Trust Co. Just another personal service that this great institution offers.

—MB—

And have you visited Maryville's real city shop? Pearl M. Keiflein has an exclusive shop on Third street, that displays the latest in stunning frocks and hats along with distinctive accessories. Take a look at the shop even if you aren't in the market for something new. You will find the things there of the latest styles, many of them are imported and while they are Exclusive They are Not Expensive. The address is 109 Third Street West.

—MB—

Visiting teachers: It is hard to know just where to eat when one is away from home, but here's a tip. Food that IS food may be had at Wyman's, only a few doors from The Farmers Trust Company. Delicious sandwiches and extraordinary meals at reasonable prices.

—MB—

And teachers, librarians and other visitors: While you are in Maryville please remember that the Harvey L. Haines Store is ready to offer you hundreds of wonderful bargains this week end. All of the new fall stock of lovely coats and dresses are being sold at a discount this week for your special benefit.

—MB—

And have you heard about Tolles new plan? They call it the budget plan. If you prefer to get a suit or an overcoat of extra good quality, but do not have the money right now, just go there, get what you want, make a small down payment and pay the remainder at intervals. Ask them about it at Tolles.

—MB—

Teachers, while you are away from home why not get a really and truly up-to-the-minute hair cut. Give the folks back home a thrill when you return. William Steele's Shop, under the First National Bank, is the place to go. They guarantee to satisfy every customer.

The groom is the son of Mrs. Mary Trueblood of South Main street, Maryville. The bride was married in a dark blue suit with gray blouse, hat, gloves and hose to match. Following the ceremony they motored to Denver, where they will visit Mrs. Trueblood's sister, Mrs. George L. Evans and Mr. Evans, and from there they will motor to Casper, Wyoming, where they will visit another sister of Mrs. Trueblood, Mrs. Ray Farrar and Mr. Farrar. They will be at home in ten days at La Junta, where the bridegroom is in the garage and automobile business. A new six-room cottage is furnished and waiting for the couple.

Date Rules Suspended Until Monday.

The faculty committee of the State Teachers College sponsoring the Student Council has declared the date rules suspended until next Monday morning. Students must observe, however, the regular closing hours except on Friday night when the homecoming party given by the student body to the visiting teachers will occur. The party will begin at the close of the program in the auditorium and will continue until 11:30 o'clock. Students should be in their rooming places by 11:45 o'clock.

Mrs. Lee Combs spent the day yesterday with her parents, Mr. and Mrs. S. E. Blacketter.

Apple Butter Sent to Orphans' Homes

The women of the First Christian Church made 175 quarts of apple butter Tuesday for the Orphans' Home at St. Louis and the Child's Saving Institute at Omaha. The apples were donated by Eugene Lyle, south of town. Mr. Lyle has given apples for this purpose for a number of years. The sugar for the apple butter was provided by the Men's Bible Class of the Christian Church. Two barrels of the butter was sent to St. Louis and one to Omaha yesterday.

Musical Program to Be Tomorrow Night

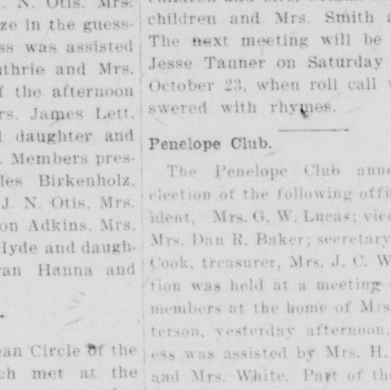
more food Space
FACTS
This is one of the reasons why there are more Frigidaires in use than all other electric refrigerators combined. Additional reasons are covered in other advertisements.



FRIGIDAIRE provides greater food space than other electric refrigerators of equal size. This is because the highly efficient and economical frost coil, an exclusive Frigidaire feature, occupies less space than the brine tank previously used, permitting greater food storage capacity in a cabinet of any given size. Larger supplies of perishable foods can be carried at one time.

Greater food capacity, quieter operation, freedom from vibration, lower operating cost, a wider range of models, the more precise engineering and manufacturing methods of General Motors, greater beauty of design, proven dependability in service—these are the things that have made Frigidaire the choice of the overwhelming majority of users of electric refrigerators.

Come to our display room, telephone, or mail coupon below for complete information.

Frigidaire Offers More for Less
New Low PRICES
Frigidaire mechanical units for installation in the standard makes of ice-boxes are as low as $170
Model M-5-2 metal cabinet Frigidaire — over 5 cu. ft. food capacity $225
Model M-7 metal cabinet Frigidaire — over 7 cu. ft. food capacity $310
Model M-9 metal cabinet Frigidaire — over 9 cu. ft. food capacity $395
(All prices f. o. b. Dayton)

CROWD HEARS FINE PROGRAM

NODAWAY COUNTY CHILDREN ATTEND LITTLE SYMPHONY.

HERE AGAIN TONIGHT

Cup Will Be Offered For Best Behaved Junior Audience At Close Of Season.

The Kansas City Little Symphony Orchestra under the masterly direction of N. De Rubertis, presented its children's program to a well filled auditorium at the State Teachers College this afternoon. The "grown-up" children were almost as numerous as those of school age. Many of the county schools, as well as the Maryville grades, attended in bodies.

The program which the orchestra will present at the evening performance at the auditorium at 8 o'clock tonight is as follows:

Soloist: Stanley Deacon, baritone.

I.

Overture "In Bohemia" Op. 28 ..... (Hadley)

II.

Symphony ....o. 3 in F Major (Dvorak)
Allegro ma non Troppo
Andante con Moto
Andante con Moto
—Allegro Scherzando
Allegro Molto.

III.

Aria, Urologue from "I Pagliacci" ..... (Leoncavallo)

IV.

(a) Fantasic Farandole ..... (Dubois)
(b) Nottourno, Op. 70, No. 1 ..... (Martucci)
(c) Dance of the Comedians ..... (Smetana)

V.

Napoli (from the Suite "Impressions of Italy") ..... (Charpentier)

Music Of The Nations.

The afternoon program was divided into four parts, with each division representing one country. The countries whose music was presented were Russia, Norway, Italy and America. Three "surprises" were given during the program that especially delighted the children. The first, a clock song, was particularly pleasing and it was with great understanding that the children followed each step in the number.

The selections were brief and each number was particularly characteristic of the country it represented.

And it as an "intelligent" audience that listened to the program. For more than a week Nodaway County children have been drilled in the make-up of the symphony and have been told a bit of the history of the music which was presented. When Verdi, Grieg, Herbert and MacDowell selections were played the children, remembering the teachings of the past week, showed sincere interest.

An Amusing Interlude.

Everything was in readiness for the afternoon pragram. Every musician was in place. One could have heard the well-known pin drop in the audience, Expectancy! A hand waved hurriedly from behind the curtain at the side of the stage. Again the hand waved. The orchestra members smiled. The audience was curious. A member of the orchestra left the stage and appeared at the stage entrance, walked to the rear of the room. He was immediately followed toward the front by two ushers, one of them separately choking down an unchewed piece of candy. They tussled with two curtains that had not been drawn. They worked harder. The orchestra smiled broadly, the audience tittered. At this point Prof. Charles R. Gardner appeared on the scene, with one hand drew one of the curtains and the ushers, at last learning the "combination," drew the second. The conductor appeared, at last.

It was announced at the program that the children's audience considered best behaved by the orchestra will be granted a silver cup at the close of the season.

Many Motor Cars Offered for Use

Chairman of Transportation Committee Thanks Persons Who Gave Their Cars Yesterday.

Earl Barmann, chairman of the Chamber of Commerce's Transportation Committee wishes to thank all those who so kindly donated their cars to meet the trains last night and today. There were more than enough cars at each of the seven trains which were met by the committee and as a result the visitors were provided with quick transportation.

Several cars will be provided to take the visiting librarians for an hour's ride about the city and surrounding country. The trip will start from the college at 11 o'clock and terminate at the Country Club at noon where luncheon will be served.

GIVES P. T. A. CORNERSTONES

HOME, SCHOOL, CHURCH, STATE SAYS MISSOURI PRESIDENT.

WOULD TRAIN PARENTS

Organization Is Non-Interfering, Non-Sectarian, Non-Political, But Urges Voting.

Home, School, Church, State are the four corner stones in the work of the Parent-Teacher Association, said Mrs. W. A. Masters, St. Joseph, state president of the organization, addressing the rural section of the teachers meeting here this afternoon.

The National Congress of Parents and Teachers, Mrs. Masters said, has long since passed its experimental stage. It will celebrate its thirtieth anniversary on February 17 next year. Its national membership has passed the million mark.

"This organization," Mrs. Masters continued, "is unique in that it has the lowest dues of any known national organization, 10 cents making one a member of both the state and the national. Our low dues are to enable every parent to belong, no matter how modest their circumstances. Missouri's membership now exceeds 55,000."

Purpose Misinterpreted.

The purpose of a Parent-Teacher Association sometimes has been misinterpreted, the state president said.

"Not long ago, in conversation with a teacher regarding the work, the teacher remarked that they had everything they needed in the way of quipment and they hardly felt the need of a P. T. A.," Mrs. Masters explained. "It seems that in years past when a P. T. A. has been formed in a school district, it has been either because of a great need in the school, which the people of the district had failed to realize because they were not coming in contact with the need, or because of a great ambition to work together and to make a showing for their organization.

"This," said Mrs. Masters, "is the wrong interpretation of the purpose of P. T. A. Its purpose is to raise the standards of home life, to develop a wiser, better trained parenthood, to bring into closer relationship the home and the shool, that parent and teacher may co-operate intelligently in the training of the child, to surround the childhood of the whole world with that wise, loving care that will develop the highest type of citizenship.

Home Is Challenged.

"Who today does not know that on every hand the home receives a constant challenge of its failure. It is not right that this organization, made up of those who are in every sense weaving the destiny of the coming generations, should concern itself with this problem? And is it not also right that the parent—who is the home teacher—and the teacher—who is the school parent—should know each other and thus share intelligently in this great responsibility?"

Through a program of work, the national and state P. T. A. is trying, Mrs. Masters pointed out, to bring about that parenthood "not only may be looked upon as a profession but the most serious and sacred profession in all the world."

"Our organization," Mrs. Masters continued, "should have a great appeal, as the appeal is directly through the child. If we cannot interest through this channel, it seems it is a hopeless task. The P. T. A. is non-sectarian, non-political and it meets in the school house, the property of the community, where everyone should feel at home.

"It is non-interfering. Any Parent Teacher Association in membership with the State and Nation organization does not concern itself with school administrative problems. It learns through our program of work to put the right kind of men or women on the school board—and then stands by them. We have very definite policies along this line.

Need Religious Training.

"We are, as I said, non-sectarian, but we realize that to develop a child four-square he must have spirited development. We are offering a definite program for spiritual training, one that is applicable to every religious sect.

"We, as an organization, believe that the ills of the world may be healed—if we have the proper understanding of God—if we are obedient unto His laws and if we respect the rights of others. Every religion embraces these facts. After all is said and done, we may travel a different road but we are headed for the same destination, therefore, let us travel together in every way we can.

"We are non-political, but we believe and try to teach in our program of work that we are responsible for the conditions under which we live and under which we are bringing up our little ones, and we urge every member of this great organization to assume the responsibility of citizenship to the extent of casting her vote. Then there are measures, which are so important they can hardly be termed politics; they are purely legislative. In those we should be united, no matter what ticket we vote, for they do touch to such a great degree the lives of the coming generations, and, after all, no matter what Creed or political belief, no matter from what walk of life we may come, we are Builders of the Future and whether we leave to our posterity a true monument, or just a piece of stone depends upon the kindness, love, charity, faith, tolerance and human kindness we build into the structure which we leave behind.

FIVE TICKETS GO ON BALLOT

OFFICIAL FORM IS CERTIFIED TO COUNTY CLERK.

ONE EMBLEM CHANGED

Democrats to Be Represented by Goddess of Liberty Instead of Donkey—3,500 Persons Seek Office.

The tickets of five political parties will appear on the official ballot of the November election in Missouri, which has been certified by Secretary of State Becker to Fred W. Smith, county clerk. The blanket ticket was received here yesterday. The parties are the Democratic, Republican, Socialist, Socialist-Labor and Prohibition.

Emblems of the parties, appearing at the top of their respective tickets, are as follows: Democratic, Goddess of Liberty, instead of the conventional caricature of a donkey; Republican, the G. O. P. elephant, with trunk upraised or rampant; Socialist, the official seal of the Socialist Party, with two hands clasped in front of a sphere representing the world; Socialist-Labor, a workman's arm, upturned, with the hand clasping a hammer; Prohibition, a camel, two-hump type, apparently standing at ease.

Faris Alone on Ballot.

Herman H. Faris of Clinton, Prohibition party candidate for United States Senator, is the only candidate whose name appears on the ballot of his party.

The Socialist and Socialist-Labor parties have candidates for United States Senator and State Superintendent of Schools in a few of the 16 Congressional Districts.

Approximately 3500 Missourians are seeking office in the November election. Their objectives range down from United States senator to justices of the peace and constables. About 400 of them are seeking offices in Congress or the State, the offices including long and short term as United States senator, a bench in the State Supreme Court, state superintendent of schools; 16 representatives in Congress; 17 state senators; 15 circuit judges and the full membership of 150 in the lower house of the State Legislature.

In Nodaway county, the voters will elect also a county recorder, prosecuting attorney, presiding judge of the County Court, judges of the south and north districts, a probate judge, county clerk, circuit clerk and a representative in the State Legislature.

Is Attending Meeting Here.

E. W. Allison of the state department of education at Jefferson City is attending the Teachers meeting in Maryville today for C. A. Lee, state superintendent of schools. Mr. Lee was unable to come on account of another engagement. Mr. Allison was representative in the legislature from Maries County.

Mr. and Mrs. William Armstrong left today for Steel City, Nebr., to visit their daughter, Mrs. Ray Wilfley and family for a short time.

FEWER DIED LAST MONTH

FORTY-SEVEN MORE TO ENJOY BIRTHDAYS IN SEPTEMBER.

HEALTH REPORT MADE

With Exception of Two Cases of Scarlet Fever County Is in Good Health Two Died of Pneumonia.

Deaths in Nodaway county during September numbered only one more than half the number of births, according to the report of Dr. C. P. Fryer, county health officer, which was completed today. With the exception of two cases of scarlet fever the county is, for the most part, free from contagious reportable diseases.

Fall weather and the rains brought on several cases of pneumonia, two of which proved fatal during September. More than 160 adults visited the health offices in the interest of themselves or their children.

Health officer Fryer, had parties order five new sever connections, six new water connections and two wells improved.

One positive tubecular was given treatment while three home visits were made by nurses in the interest of checking tuberculosis. Twelve private premises were inspected and 21 schools, and churches were visited by health officers.

Twenty-five lectures before 850 people were given by mempers of the health office staff during last month. More than 725 school children were examined and of that number 610 were found to have slight physical defects.

How To Care For Varicose or Swollen Veins

Rub Gently And Upward Toward The Heart As Blood In Veins Flows That Way.

If you or any relative or friend is worried because of varicose veins, or bunches, the best advice that anyone in this world can give you is to ask your druggist for an original two-ounce bottle of Moone's Emerald Oil (full strength) and apply as directed night and morning to the swollen, enlarged veins. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are of normal size. So penetrating and powerful is Emerald Oil that even Piles are quickly relieved. All druggists sell lots of it.

The VANITY CASE

BEGIN HERE TODAY.

MRS. PRENTISS sees lights mysteriously appear and disappear in the HEATH household next door one night and the next day Harbor Gardens, Long Island, is agog with the murder of MYRA HEATH and the disappearance of her husband, PERRY.

House guests of the Heaths are LAWRENCE INMAN, heir to Myra's fortune, and BUNNY MOORE, vivacious, golden-haired, to whom suspicion points because of her refusal to answer questions.

Myra Heath was peculiar: She never used cosmetics, never wore colors. She had a mania for collecting glass, and it was a rare old whisky bottle from her collection that the murderer used to kill her. Candles were burning at her head and feet and nearby was a card marked, "The Work of Perry Heath." Strangest of all, she was heavily made up and garbed in gay colors.

The peculiar thing about Heath's disappearance is that all the windows and doors had been locked on the inside the night before and were found that way in the morning. Finger prints of Bunny Moore and Inman were found on the bottle.

At the Country Club the murder is discussed by SAM ANDERSON, Heath's rival for the club presidency; AL CUNNINGHAM, who is trying to solve the crime, and others. Some believe Heath the murderer. Anderson disagrees. TODHUNTER BUCK, nephew of Mrs. Prentiss and in love with Bunny, suggests to Cunningham that Heath also may have been murdered.

EMMA, a waitress in the Heath home, tells of Seeing Bunny ascend the stairs about the time of the murder, carrying her vanity case. Later Bunny is amazed to get a phone call from Perry Heath telling her Inman is guilty. Bunny breaks down and faints under a grilling by DETECTIVE MOTT, who makes up his mind that she is guilty. Inman confides to Buck that he saw Bunny creeping the stairs after the murder, and Mott, questions all the servants and tells them to keep silent.

Cunningham gets a note from Anderson and goes to his house where Perry Heath suddenly appears out of the night and begins to talk.

Anderson invites Cunningham to his house and there, while waiting for his host, Cunningham is suddenly confronted by Perry Heath, who disappears as mysteriously as he had appeared. Shortly afterward, Anderson comes in, and he reproaches Cunningham for letting Heath get away.

Buck, meantime, is determined to clear Bunny. He resolves to have a good talk with her.

NOW GO ON WITH THE STORY.

CHAPTER XXXVI.

And then the object of Toddy's anxious thought came and seated herself on a low chair beside his own. So softly had she come, that he had no idea of her presence until he heard her soft, low voice saying:

"Mrs. Prentiss bid me come and talk to you for a few minutes before I go to my room."

"I'm glad to have you," he said, speaking quietly, too, and involuntarily laying his hand on the little one that rested on his chair arm.

Bunny looked up at him, her eyes of "wind-flower blue" dimly visible in the faint light that glimmered from the doorway.

"You are very good to me," she said, with a sad little sigh. "You and your aunt both. But I wish I could go home."

"I wish you could!" exclaimed Tod, his hand tightening its clasp on her own.

"Why do you speak like that? You frighten me!" she exclaimed, for his tone had been emphatic.

"I am frightened about you," he murmured. "Tell me, Bunny, tell me, dear, do you trust me?"

"Yes," she said, and her voice was clear and frank. There was no trace of coyness or shyness, it was as if soul spoke to soul, and with his power of reading the intent of another's words, Buck believed her.

He turned to face her more fully.

"Do you know you are in danger? Grave danger?"

"I suppose I am. But what can I do? I am very much alone—"

Her voice quivered and tears came into the blue eyes.

"No," Buck declared, "you are not alone. You have two staunch friends beneath this roof, and one of us, at least, would die for you!"

This was dangerously close to melodrama, but was saved therefrom by Toddy's obvious earnestness and the ringing note of affection in his tone.

But Bunny shuddered.

"Don't mention death," she said, "we've had enough of that for the present."

"So we have," he said, "and I, too, want to avoid the subject, but if I am to help you, and Lord knows you need help, I'll have to ask you some pretty blunt questions."

"You may," Bunny said, but her voice had taken on a cold formality, almost as if she spoke to an official detective.

"Oh," Tod groaned, "don't speak to me that way, or I can't talk at all!"

The girl laughed outright.

"Go on with your blunt questions," she commanded, but the laughter seemed to linger in her intonation. Tod picked up a morsel of courage. Surely a murderer could not laugh like that!

"When did you first see Mrs. Heath after she was dead?" he asked.

"Oh, I can't tell you that!" She gasped as if in horrified surprise, and started to rise from her chair.

"No, sit still. Don't tell me anything you don't choose to, but do,—oh, Bunny, do confide in me! You must have help,—I will help you. Dear Heart, tell me all—all about it."

"I—I've nothing to tell," and now she spoke really coldly, and with an accent of displeasure. "I thought detectives found out the truth from clues and things, not from asking people questions."

"Both methods are used," and now Toddy was stern and grave. "So you won't help me to help you?"

"I can't—oh, I can't—don't ask me a—about it! Don't!"

Her little hands twisted themselves nervously together and one foot beat a tattoo on the porch floor.

"Well, tell me this," Buck felt he mightn't get a better chance and he must find out some things. "Did you go downstairs and come up again late that night? After you had gone to your room for the night, I mean."

"Why—no,—of course, I didn't. Why should I?"

"But the maid said she saw you."

"Do you take her word in preference to mine?

"No, I do not. However, Inman also says he saw you."

"Larry said that!" she sounded grieved, rather than angry. "Well, then it's his word against mine, isn't it?"

Bravado had come to her aid. Her air was almost saucy, her tone almost gay.

Buck was annoyed. How could she treat such a serious matter so flippantly?

"Bunny, dear," he said, "I can't let you go any further, there is something else I must tell you. I love you, darling, and I want you to learn to love me. I want you to promise that when this awful affair is all over, you will let me try to win your heart, try to make you see how I adore and worship you, and try to win your love in return. How about it, little sweetheart?"

The fact that no repulse had met his overtures, made Toddy's heart leap for joy, and he caught the girl to him.

But she drew away, her hands gently pushing off his eager arms.

"Don't," she whispered, "at least not now,—not yet. You don't know,—oh, Toddy, dear, you don't know——"

"You're going to tell me all I don't know," he caught her fluttering hands and held them close. "You're going to let me be your father confessor and your guide, philosopher and friend, as well as your slave and adorer and—and, my darling, your future husband."

She sighed, and for a moment he thought she was going to surrender her sweet self to his embrace, then she turned away from him, and with tears in her voice she said: "No, please don't touch me. I—I—oh, I don't know what to say or do! And you can't help me,—at least, not now! I must—I must go through with it! I have to,—oh, I have to!"

"Yes, dear, but I'll go through with it, too. I'll be with you every step of the way. You can depend on me,—oh Bunny, you can depend on me!"

"I well believe that,—but, no, I must go alone—alone."

And with that she left him and walked slowly back and into the house.

How She Gained 10 Pounds in 22 Days

That's going some—but skinny men, women and children just can't help putting on good, healthy flesh when they take McCoy's Cod Liver Oil Compound Tablets.

As chock full of vitamines as the nasty, fish-tasting cod liver oil itself, but these sugar coated, tasteless tablets are as easy to take as candy, and won't upset the stomach.

One woman gained ten pounds in twenty-two days. 60 tablets, 60 cents. Ask Gaugh & Evans or any druggist for McCoy's Cod Liver Oil Compound Tablets and if you don't gain at least 5 pounds in 30 days your druggist is authorized to hand you back the money you paid for them.

pointed out. The council also promotes a better feeling and understanding among the various denominations, he believes.

Miss Ruth Matter was in charge of a number of children giving a primary service demonstration this morning. The children held their own opening exercises, recited Bible verses and told something of the lesson.

Reports of the work done during the last year were given.

Appeal for Leaders Is Made at Banquet

Radio Mechanism Forms Basis of Addresses by S. S. Workers At Dinner Held Last Night.

About 125 persons were present at the "radio" banquet held last night as a feature of the convention.

"The crying need is for leadership. Leaders with iniative, who can go ahead," Miss Ruth Bookman said in the first of a series of talks given at the banquet. Miss Bookman explained that there were many religious bodies that were not in proper functioning. A call is needed for new recruits as few workers can broadcast life's program.

Mrs. Charles Gaugh made a plea to keep the crystal of the "radio" clear for God's messages. She described the several important parts of the radio in relation to human life and religious effort.

"People think youth timid but give them a chance," Lawrence Wray impressed upon his hearers. "The world is in calamity and distrust for young people. But youth is enthusiastic and will hit the mark. Their attitude today will mean profit tomorrow. The world is gradually groping its way to God, misty, but they have a clear idea where they are going."

Miss Merea Williams pointed out two types of radio—for inside use and outside use. She suggested that both forms of the radio be used in Christian endeavor.

Earl Sommerville in his talk embellished the life and work of Marion Lawrence. The speaker said the life of this individual was without traits of selfishness, jealousy and broad tolerance.

Miss Mary Todd's talk was in the interest of such religious camps as Geneva Glenn and Lake Geneva. She told how these camps were reaching foreign young people as well as Americans.

Miss Zelia Needles said that static was the prevailing element in some of our Sunday school workers. "Set the machine right and remember to be a receiving station as well as a broadcasting station."

Following the banquet program a demonstration of opening exercises for Sunday schools was held in the church auditorium with C. W. Rogers of the First Presbyterian Church in charge.

"Measuring Results in Religious Education," was the theme of an address given by D. B. Atkinson, Dean of Palmer College at Albany.

"There is doubt whether we have been conducting religious education rightly. The indefiniteness of instruction is the result of conditions today."

The speaker discussed an examination made of 500 college students and one out of five classified the Ten Commandments as having a moral religious value.

"Where religion in the home is a minor factor there can be no good derived. The tendency of America is to draw youth from the home. Entertainment is everywhere but in the home."

The speaker called for thoroughly trained religious teachers with a clear conception of religion. He designated college teachers as the most desirable teachers of Sunday school classes and to instill the message of the Bible.

Sixty-Eight Persons Register Up to 9:30

Sixty-eight persons had registered at the convention up to 9:30 o'clock this morning. Churches at Ravenwood, Pickering, Barnard, Arkoe, Bethany, Craig, Princeton, Denver, Kansas City and Maryville were represented. The attendance at the convention was greatly reduced because of bad roads.

The following had registered for the conference up to 9:30 o'clock this morning:

Mr. and Mrs. W. A. Needles, S. M. Bean, Mr. and Mrs. H. O. Womack, Mrs. N. Long, Mrs. S. P. Ross, and Mrs. W. R. Millsaps, all of Ravenwood; Miss Marie Swain, Bethany; Miss Mamie McClurg, Mrs. I. C. Thompson, John Bosch, and T. M. Walton, Pickering.

Miss Mary Guilliams, Miss Susie Doebbeling and Miss Mary Green, Craig; Mrs. Lewis Lambert, Arkoe; Delman Roelofson, Barnard; Mrs. D. F. O'Connor, Denver, Colo., Willard L. Carter, Kansas City, and Mrs. Allie S. Wilson, Princeton.

County Council Divided Into Five Districts

One To Be In Each Section Of County And One At Maryville—Means Greater Efficiency.

The Nodaway County Council of Religious Education has been divided into five districts as a result of the action of the delegates to the annual convention here today. There will be one district each in the northwest, northeast, southwest, and southeast sections of the county and one at Maryville.

Up until this year, there have been nine districts in the county. The number was reduced to provide for greater efficiency, it was pointed out.

Officers for all districts will be chosen at meetings to be held later.

Sherman Cordell to Have "Hen Mansion"

Structure Now Going Up on Farm Near Quitman is 80 Feet Long, 14 Feet Wide, Concrete Floor.

Sherman Cordell is building a real "hen mansion" on his farm north of Quitman. The building is located on a south hill slope and is 80 ft. long by 14 ft. wide with cement foundation and floor. The south side, which is 8 feet high, is composed of 3 doors, 8 windows and 9 ventilators. The back or the north side is 5 feet high and is made air tight with an occasional pane of glass to let light under the dropping boards.

These dropping boards will be 5 to 6 ft. wide and extend the entire length of the house on the north side. All floor space will be left free for a scratching place for the fowls. In the east end is a feed room where corn and mash and scratch grain will be strewn. Later he expects to build a cistern and spout the house so he will have water supply handy. The approximate cost of the building will be around $600 and when completed it will be among the best poultry houses of the county.

Good Crowd Attends Harmony Operetta

Beulah Wray Wins Medal for Best Acting.—Glee Club and an "M" Club Are Organized.

A fair-sized crowd attended the Harmony high school operetta, given at the Harmony church on Tuesday night. Beulah Wray won the medal for the best acting in the character of an Indian chief. Mrs. Halley Ford was the coach for the operetta.

A glee club of twenty-two members has been organized at the Harmony high school with Mrs. Ford in charge. Katherine Lewis is the president of the club. It meets weekly and will present regular programs later on.

An "M" club was also organized at Harmony to work for state M's. W. J. Lewis is in charge of this club.

Oren Miller To Florida.

Oren Miller, son of Mr. and Mrs. Chester Miller, formerly of Maryville, expects to spend the winter in Florida with a large band. He will be located near Miami. Mr. Miller is a member of a big Kansas City band and has also composed several pieces.

George Daniels of Barnard and F. N. Martin an U. R. Campbell of Clearmont were among yesterday's visitors at the St. Joseph live stock market.

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

Northeast Nodaway Wants a Highway

Community of Good Farms But Muddy Roads Demands An Outlet for Route No. 46.

"Rained in" for several weeks, residents of the northeast part of Nodaway county are united in a demand for extension of state highway No. 46, according to a letter from Mrs. E. E. Dowis, of that community.

"The roads in Northeast Nodaway are in bad condition," says Mrs. Dowis. "We have no primary or federal roads. Worth county has highway No. 46 surveyed to the county line, west of Sheridan, but no provision has been made to continue this road in Nodaway county.

"We are in the mud but have to pay our taxes, auto licenses, etc., and when election time rolls around, the people of this vicinity are going to see that we get men in office who will pay at least a little attention to this No. 46 route and see that it has an outlet through to the highway north of Pickering.

"Hundreds of tourists are stranded at the end of No. 46 and make a plea for it to connect on the west with Hopkins or the highway that runs north from our county seat. We people would like very much to get over to our county seat, the good town of Maryville, and if No. 46 would only lead out to the north and south highway we could get our children over to the great college at Maryville. But as it is, several have been compelled to go other places to school.

"So now, for the good of all concerned, let's get this highway connected up, so Old Northeast Nodaway can get out into this big world and into other parts of Missouri. We have more purebred livestock in this community than any other in the county, yet when sales are held it is almost impossible to get to them on account of bad roads."

Are You "Toxic?"

It Is Well, Then, to Learn the Importance of Good Elimination.

FUNCTIONAL inactivity of the kidneys permits a retention of waste poisons in the blood. Symptoms of this toxic condition are a dull, languid feeling, drowsy headaches and, sometimes, toxic backache and dizziness. That the kidneys are not functioning as they should is often shown by scanty or burning passage of secretions. Many readers have learned the value of *Doan's Pills*, stimulant diuretic to the kidneys, in this condition. Users everywhere endorse *Doan's. Ask your neighbor!*

NODAWAY COUNTY FARM NEWS

By BILLY TILSON.

Will Osburn, northwest of Maryville, has thirty-five acres of ground ready for the sowing of fall wheat. Mr. Osburn has a fine bunch of brood sows on the farm and is going to attend a sale of Duroc Jersey hogs at Lenox, Iowa, today. He expects to bring home a fine hog to head his herd. Will stakes his judgment on the red kind.

C. J. Merrigan, who lives in the city, but who directs the running of a fine farm near Clyde, shipped out a load of hogs this week to the St. Joseph market.

E. Boyer, the hog buyer of Burlington Junction, shipped out a load of hogs yesterday and will have one out today from that point. He says he averages about four loads a week.

George McDaniel, the large farmer and hog raiser west of Skidmore, has 280 head of hogs that are ready for the market and every one is well finished. He has a large bunch of late spring shoats and over 150 head of fall pigs on the farm and several big brood sows yet to farrow. George raised around 700 head every year and has been meeting with good success.

Estol Bever, Tom Farrell, Jesse Bever and Sam Webb of the Burlington Junction neighborhood shipped hogs to the St. Joseph market yesterday.

The road on the highway west of Burlington Junction, which goes to Tarkio is, and has been impassable for several weeks. Lester Crane, the maintainance man, has done every thing that could be done and has spent day and night in trying to better the condition. This matter should be taken up with the highway department and they should act at once in relieving the horrible condition at that place.

W. H. Hutchison of Salisbury, Mo., is visiting the family of S. A. Hutchison of Maitland. Mr. Hutchison says Maryville has made a wonderful progress since his last visit to this county.

Frank Dougan, north of Barnard, was transacting business in the city yesterday. He says the roads in that part are very bad for traveling and the farmers are anxious for the weather to settle as several want to put in fall wheat. Mr. Dougan raises the big black Poland China hogs and they are of the best blood. He has twenty head of spring boars and a fine bunch of gilts and says he doesn't raise so many but every one a good one.

Lee and William Raseo of near Barnard were transacting business in the city yesterday.

Gene Harbison, northwest of Ravenwood, reports the roads in very bad shape for traveling but a few days of sunshine and plenty of dragging will be a great help.

Ira Burch of Luther, Okla., was a Maryville visitor yesterday. Mr. Burch formerly lived north of Clearmont but left this county about fifteen years ago. He will visit friends and relatives in this county before returning home.

Ray Parker and Dale Goforth drove to St. Joseph Friday.

Mr. and Mrs. Everett Neal visited Mrs. Neal's parents, Mr. and Mrs. Pearl Jackson, west of Barnard, Sunday.

Mrs. Ray Parker visited Friday afternoon with Mrs. Dale Goforth.

Mrs. Kittie Jobe and Mrs. Frank Fanning went to Guilford Monday afternoon.

Miss Loreta Hazelwood is visiting Mr. and Mrs. Dale Goforth this week.

John Tompkins has a sick cow. She has been down for several days.

Closing Grain Review.

Chicago, Oct. 14.—Short covering and heavy buying late in the session sent wheat to a sharply higher close, but the coarse grains failed to share in the bulge.

The strength of Liverpool and a two million bushel export business enabled wheat to close 2½ to 2⅝ cents higher. Cash prices were ½ cent higher.

Corn was extremely bearish, closing unchanged to ½ cent up. Favorable weather and bookings of old grain were the depressing factors; only the strength of wheat preventing a sag. Cash values were ½ cent lower than yesterday.

Oats had another full day, closing ¼ cent higher on the strength of wheat. The cash article was unchanged.

Provisions closed higher on hogs and short covering.

PUBLIC SALE OF IMMUNED

Duroc-Jerseys Boars and Gilts

to be held at farm 2 miles southeast of Braddyville, Iowa

Monday, October 18, 1926

Commencing at 1 p. m. Sale will be held under cover rain or shine.

55 BOARS —— 30 GILTS

This offering is sired by Super Col., the Illinois Grand Champion, Super Col. Giant, and Marvel's Ace. Now as to this offering: I am going to sell what I believe to be the best Boars and Gilts I have ever bred. If ever I have seen 30 outstanding big boars, it is the 30 tops that go through this sale. When you talk about big type boars, I say, come and see these. Tinnell bred Durocs are big at any age. They are big at six months, as yearlings, and when two-year-olds. You have seen great offerings at my place in the past, but I invite you to be at our farm on October 18. I guarantee to show you the best lot that I have ever bred.

FREE TO THE MAN HOLDING THE LUCKY NUMBER will get a good boar. When you register for dinner, you will draw a number. Before the sale starts we will have the drawing. The drawing on this boar is free. The only restriction is that you must raise Durocs. To our old customers: You will find plenty of boars in this sale not related to what you have been buying. We ask you once more to come and spend the day with us.

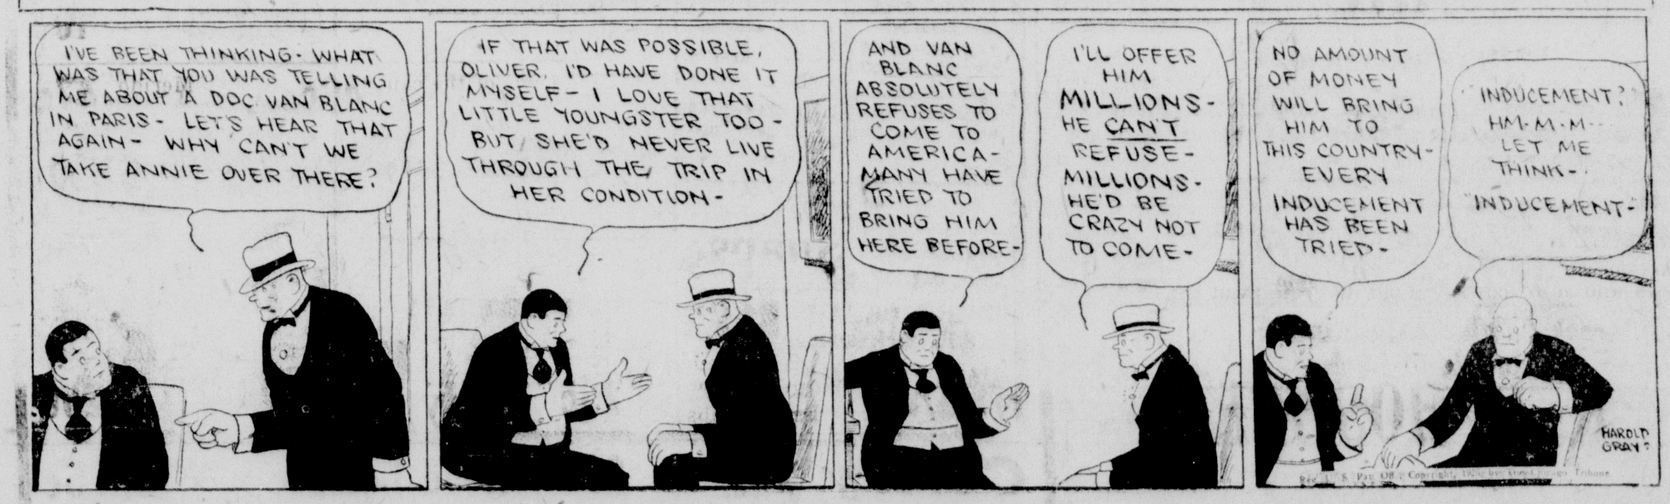
LITTLE ORPHAN ANNIE: The Problem



I'VE BEEN THINKING- WHAT WAS THAT YOU WAS TELLING ME ABOUT A DOC VAN BLANC IN PARIS- LET'S HEAR THAT AGAIN- WHY CAN'T WE TAKE ANNIE OVER THERE?
IF THAT WAS POSSIBLE, OLIVER, I'D HAVE DONE IT MYSELF- I LOVE THAT LITTLE YOUNGSTER TOO- BUT SHE'D NEVER LIVE THROUGH THE TRIP IN HER CONDITION-
AND VAN BLANC ABSOLUTELY REFUSES TO COME TO AMERICA- MANY HAVE TRIED TO BRING HIM HERE BEFORE-
I'LL OFFER HIM MILLIONS- HE CAN'T REFUSE- MILLIONS- HE'D BE CRAZY NOT TO COME-
NO AMOUNT OF MONEY WILL BRING HIM TO THIS COUNTRY- EVERY INDUCEMENT HAS BEEN TRIED-
INDUCEMENT? HM-M-M- LET ME THINK- INDUCEMENT-

Takes Up Four Points.

Dr. Germane emphasized four points on the subject of personality: "What is personality;" "How is it developed;" "How can I improve my personality;" and "Why should I improve it."

"Personality consists of all responses and reactions that we make toward all experiences of a life time. Personality becomes one character in action," he said.

"How does one's character affect you? A person who has a pleasant personality is one who is always ready to respond to the situation in life, whether it be dark or light, in a most cheerful manner. Some think that personal appearance makes personality but personal appearance may be just one of forty elements which go to make up personality," Dr. Germane said.

"Dr. MacDongal, social psychologist of the British Isles, gives four factors in the development of personality. He includes the child from infancy to 5 years of age, in which its instinctive behavior is influenced by the pain and pleasure inflicted upon it by objects. Then from 5 to 12 to 15, its instinctive behavior is influenced or modified by pain or pleasure inflicted upon it by its pals or the social group. Its behavior or condition is determined by anticipated pain or pleasure which we can see will come from this or that form of procedure. The fourth factor in how personality can be developed is that above the anticipated pain and pleasure it is up to him to be ruled by conduct."

Says Comparison Helps.

On the third point in his address, "How can I improve my personality," Dr. Germane said: "I think the key word is 'compare.' Let him compare his work daily with that of artists and experts and then measure the results accomplished.

"Consort is another key to the same purpose and if you consort daily with the spirits of the ages, live with them for an hour or two, you will be able to carry on your work in a much better manner."

Answering the question, "Why should I improve my personality?" the speaker said: "It is all that I have, and why should I not try to improve it? I am a school teacher and all of the boys and girls will be using Dempsey and Valentino as their heroes if I cannot place myself in front of them. There must be something concrete in their symbols in order that they may have something to hang onto.

"We are blind until we see that nothing is worth the making unless we make the man," Dr. Germane concluded.

Welcome by Somerville.

Leslie G. Somerville, superintendent of the Nodaway County schools and president of the Teachers' Association, gave the address of welcome this morning. Mr. Somerville talked briefly on the problems of teachers, and closed his talk by saying:

"I appeal to you as teachers to demonstrate your ability as leaders by informing yourselves so that you can give a good explanation of what education means and interpret clearly just what you are trying to do."

The College choral club opened the general session by singing two selections. The first was "Beautiful Savior," by Christiansen, sung acapella; and the second was, "Rainbow Bridge of Prayer."

Charles R. Gardner, director of the Conservatory of Music was in charge of the singing, and Thomas H. Annett, piano instructor, was accompanist.

Sees More Work for Commerce Teachers

Subjects Are Being Extended Into Junior High School, Says P. O. Selby—Suggests Equipment Study.

More work is ahead for the teacher of commercial subjects, P. O. Selby, a member of the faculty of Kirksville State Teachers College, told teacher-visitors attending the commerce and business administration departmental session of the teachers meeting this afternoon.

"The typical commerce teacher is already a hardworking individual, carrying as heavy a load as any teacher in the high school, both of regular classroom duties and extra classroom duties."

"I see more work ahead for the commerce teacher, however. One phase of this is in addition to the high school curriculum. The subject which just now seems to be on the boom is Business Law. The tendency in new courses is away from specific vocational instruction such as shorthand and bookkeeping and towards more general business advisory courses. Junior Business Training, a subject best fitted to the second year of junior high school, is another coming subject built along this line."

The commerce teacher needs to give more attention to his physical equipment, Mr. Selby said, adding. "The problems in connection with typewriters, typewriter tables, bookkeeping desks and office appliances should be solved by commerce teachers. Heretofore the judgment of the superintendent has passed upon these matters of physical equipment and few superintendents know anything about equipment for teaching commerce. The commerce teacher might well go further and gain a knowledge of writing materials, especially if he teaches writing. At present there is no one in the average small school system who is competent to pass upon ink, pens, pencils, paper, pencil sharpeners, crayon, erasers, blackboard. The matter of knowing all about blackboards is not a small one. The commerce teacher should be more concerned about these items of material equipment than any one else in the high school. These point to more work for the commerce teacher, but busy people can always do more work and commerce teachers are busy people."

The commerce department meeting was presided over by Miss Minnie B. James of the College faculty. Other talks were given by Miss Irene Rausin of Cameron on "Classroom Teaching against Individual Teaching of Accounting," and by L. M. Eek of the College faculty on "Is the Increasing Interest of the Schools in the United States in Commercial Education Justifiable?"

Uninteresting Lesson Vicious, Says Germane

Child's Activities Must Be Built Around Creative Purpose. Teachers Are Told.

"The uninteresting lesson is morally wrong and intellectually vicious," according to Dr. C. E. Germane today, who spoke before the elementary section of the Northwest Missouri Teachers' Association.

In developing his subject, "The Unit Lesson," Dr. Germane emphasized the building of the child's activities around a creative purpose.

"We work hardest and truest when we are working something that is a reality, therefore the lesson must be correlated around a creative purpose for the child," he stated. "Too often the child develops several personalities because his various subjects are taught in isolation. The child forms habits of flitting and divided attention. How can we have interesting lessons? There are several ways but I bring but one, the unit lesson."

Dr. Germane concluded by saying that the child's first, last and middle name is activity and the only way to provide interesting lessons is to know child psychology and human nature.

Mrs. Theodore Gray of Maryville presided over this section meeting.

Need Teachers Who Work, Says Skaith

Gower Superintendent Lists Other Qualifications at Departmental Meeting for Rural Schools.

A willingness to work is one of the most important factors in success of the rural teacher, declared F. L. Skaith, superintendent of schools at Gower, Mo., before the departmental meeting of rural teachers in the College this afternoon.

"Oh for some more teachers who are willing to stay on the job until 5 o'clock or later, if necessary," said this young educator, with hair almost flagrantly red. "You may say, 'Oh but I do'," he added. "If you do, God bless you, you're an exception."

Other factors stressed by Superintendent Skaith were adaptation to the environment of the teacher's district; a "real personal interest" in pupils, including a direction of their leisure time; a pleasing personality; leading by good will rather than driving by force; a pleasing personal appearance, with care to avoid gaudy dress; honesty and meeting of all obligations; avoiding of alibis; and co-operation with school superiors.

This section, presided over by Fred E. Roach, county superintendent of Buchanan county, was the most largely attended of the departmental meetings. It was held in the College library, and many of the visitors had to stand.

Other addresses were given by Miss Cassie Burk, state rural school inspector, and Mrs. W. A. Masters, state president of the Parent-Teacher Association. Dr. C. E. Germane of the University of Missouri gave a demonstration lesson in fourth grade reading.

Teach Girls, Not Subject, She Says

Home Economic And Art Teachers Need To Adapt Courses To Communities, Says Speaker.

Miss Ella Moore, state superintendent of vocation home economics, in an address to the department of home economics and fine arts at the teachers' meeting, said that the problem of today was to make a study of the girl and her individual needs and in this way make the best of the material at hand.

"The way to learn is to learn by doing even by sacrifice of the course of study," Miss Moore said. "In order to meet the needs of various individual localities, the teacher should watch for opportunities to make teaching actually constructive. The main problem is to train the girls and not merely to teach the subject."

"There is great need of set standards and the co-operation of the various departments, home economics with art especially," Miss Moore said.

This meeting as presided over jointly by Miss Olive DeLuce of the college faculty and Miss Mabel Cook of Maryville High School. Miss Carrie Hopkins of the College faculty discussed "The New State Course of Study in Fine Arts."

Association Notes

Attendance at the teachers meeting today was variously estimated from 500 to 800, with the former number probably low and the latter high. A definite check was impossible, because many of the teachers paid their registration fees to their county superintendents before coming to Maryville.

The corridor on the second floor of the administration building was packed this morning and this afternoon before and after the meetings. There was a bustle of excitement as friendships were renewed and business matters were discussed.

A sporting goods representative had a table in the second floor hall. He attracted considerable interest, particularly from College athletes and high school coaches.

Daniel Reed, a speaker of the morning, was quite interested in the Bearcat football team. He is a former coach, having been at Cornell University for some time. This morning he had been at the College but a short while before he was hob-nobbing with Vodre Willoughby and Donald Berst, footoball players.

The football game tomorrow between the College Bearcats and the Cape Girardeau Indians is furnishing a topic of conversation for a number of visitors at the teachers' meeting. The sentiment is all in favor of the local team, although everyone seems convinced that the game will be close.

C. T. Richards, superintendent at Pattonsburg, is attending the meeting. "Big Bill," as he was affectionately known when a student here, is one of the outstanding alumni of the College. He was once a mainstay in all forms of athletics.

W. H. McDonald, principal of the Trenton High School, is taking an active part in the meeting. Mr. McDonald is a member of the board of control of the Northwest Missouri High School Athletic Association. He is a brother of a former Maryville superintendent of schools.

Uel W. Lamkin, president of the College, made a hurry-up trip to Joplin yesterday, and was back in time for the start of the general session this morning.

Coach Lawrence will likely start Berst and Ervin at ends, Westfall and Lewis at tackles, Cox and Mullenax at guards, Graham at center, Willoughby at quarter, Search and Captain Eads at halves, and Miller at fullback. This will be a slightly altered line-up from last Saturday, when O'Banion was at fullback and Wilson was at "search" half.

John Bunn and Guy Lookabaugh of the University of Kansas will be referee and head linesman, respectively, of the game tomorrow. "Tad" Reid, coach at Warrensburg, will be the umpire.

E. A. Elliott, superintendent of schools at Cameron, who was to have given an address today before the departmental meeting of high school teachers, was unable to come because of the illness of his father.

T. J. ("Tom") Walker of Columbia, editor of School and Community, official magazine of the Missouri Teachers Association, was one of the visitors much in evidence at the college today.

M. G. Neale, who is on tomorrow night's program, was much at home in the College halls. Back toward the beginning of his teaching career, he was instructor under President H. K. Taylor and later under President Ira Richardson, beginning at the summer session of 1923.

Kappa Omicron Phi, home economics society, gave a tea this afternoon for former members.

A party for "homecoming" members of the Philomathean Literary Society was held at 3:30 o'clock this afternoon in Room 326.

THERMOMETERS AND COMMON SENSE

It's a cold morning.

How did you know?

Did you look at the thermometer or did your tingling fingers shout the news? Perhaps the thermometer verified your own opinion but you knew it was cold before you looked. Your common sense told you.

Exactly!

When you take Lydia E. Pinkham's Vegetable Compound or any other medicine—how do you know it helps you? Do you ask the neighbors? Do you try to figure it out on a scientific basis?

Certainly not.

You feel better and your common sense tells you what caused it.

Science may confirm your own opinion, but you knew it all the time.

Try Lydia E. Pinkham's Vegetable Compound. Then judge for yourself.

The Third Generation

Mrs. W. O. Blewett, Route B, Box 197a, Lakeland, Florida, says: "I first took Lydia E. Pinkham's Vegetable Compound when I was a girl. My mother had taken it, also my grandmother used it in her family for her eight daughters and herself. I think this medicine does more for women than anything else I know of. I surely recommend it to my friends and several have taken it because of my recommendation."

In some families, the fourth generation is relying on this medicine.
